MEMORANDUM FOR: Assistant Director (Personnel)

25X1A

SUBJECT : [REDACTED] Station

REFERENCE : Attached Staff Study, same subject

25X1A 1. When the attached paper was received in my Office for the Deputy Director (Administration), the General Counsel had concurred without comment. However, paragraph 6 posed a question which was appropriately one for the General Counsel's determination. Discussion with [REDACTED] of that Office resulted in his adding to his concurrence "DCI Approval Required."

25X1A 2. I am informed by [REDACTED] Acting Chief, Finance Division, and [REDACTED] that the Research and Planning Staff, Personnel Office, collaborated in preparation of this study. It is suggested that the paper be redrafted for submission to the DCI. It is also suggested in rewriting the study that it be reduced in length, so far as basic paper is concerned, which, of course, may necessitate the use of tabs so that the Director will not be required to read the discussion of the problems in order to approve or disapprove the basic recommendation.
